Tenure-Track Biochemistry Position. The Hope College Chemistry Department invites applications for a tenure-track position at the Assistant Professor level to begin in Fall 2016. Candidates must have a Ph.D. and postdoctoral experience in biochemistry and/or chemistry. Primary teaching responsibilities will be in the biochemistry program. The Chemistry Department (www.hope.edu/academic/chemistry) is a national leader in undergraduate research. The development of a strong, externally-funded, experimental research program involving undergraduate students is expected. Start-up funds will be provided.

Please submit a cover letter, curriculum vitae, description of research plans, statement of teaching philosophy and competencies, and undergraduate and graduate transcripts to Dr. Jeffrey B. Johnson, Search Committee Chairperson. This material should be submitted electronically via an online application located at www.hope.edu/employment/faculty. Please also arrange for three letters of recommendation to be sent to jobs@hope.edu. Review of all completed applications will begin September 24. A subset of candidates will be asked to submit a statement describing their fit to the mission of Hope College in late September and be available for a Skype interview.

Hope College is a Christian coeducational, residential liberal arts undergraduate college affiliated with the Reformed Church in America; has over 3,000 students and approximately 250 FTE faculty; is a member of the Great Lakes Colleges Association; is accredited by NCA, ACS, ASBMB, NASAD, NASD, NASM, NAST, CCNE, CSWE, EAC of ABET, TEAC and CAATE. The college is located in Holland, Michigan, an attractive city of 35,000 near the shores of Lake Michigan, enriched by a significant Latino population and growing Asian and African American populations in a rapidly growing urban area of over 100,000, within short driving distance of Grand Rapids and relatively close to Ann Arbor and Chicago. The mission of Hope College is to educate students for lives of leadership and service in a global society through academic and co-curricular programs of recognized excellence in the liberal arts and in the context of the historic Christian faith. Additional information about Holland, Hope College, and the Chemistry Department can be found at www.hope.edu/academic/chemistry/openings/biochemistry.pdf.

Hope College places a high priority on sustaining a supportive environment that recognizes the importance of having diverse faculty and staff in order to best prepare our students for successful careers in our multi-cultural nation and global community. Applicants with diverse backgrounds and cultures are encouraged to apply. Hope College is an equal opportunity employer.
