Tenure-Track Faculty Position in Inorganic Chemistry at Rutgers University

The Department of Chemistry and Chemical Biology at Rutgers, The State University of New Jersey (at New Brunswick/Piscataway) seeks to hire an outstanding scholar for a tenure-track position in inorganic chemistry to start in Fall 2017. Rutgers seeks exceptional scientists with the highest commitment to excellence in scholarship, teaching and service.

Applicants must have a significant record of scholarship in fundamental research and demonstrate great promise for developing a world-class research program. The specific area of research is open, and both experimental and theoretical inorganic chemists are encouraged to apply.

Applicants should submit a cover letter, curriculum vitae, and a 4-6 page detailed description of their research plans and goals along with list of three references to: apply.interfolio.com/37192. Candidates must also separately arrange for at least three reference letters to be sent to: apply.interfolio.com/37192.

Questions regarding the search should be directed to: facultysearch@chem.rutgers.edu.

Review of applications will begin immediately and will continue until the position is filled.

Rutgers, the State University of New Jersey, is an Equal Opportunity / Affirmative Action Employer. Qualified applicants will be considered for employment without regard to race, creed, color, religion, sex, sexual orientation, gender identity or expression, national origin, disability status, genetic information, protected veteran status, military service or any other category protected by law. As an institution, we value diversity of background and opinion, and prohibit discrimination or harassment on the basis of any legally protected class in the areas of hiring, recruitment, promotion, transfer, demotion, training, compensation, pay, fringe benefits, layoff, termination or any other terms and conditions of employment.
